Athens, 20 May 2008  
No 150

Dear Mrs. Tsatsou,

I would like to take this opportunity to congratulate you and your qualified personnel for their substantial contribution in supporting the 9<sup>th</sup> European Congress of Neuropathology (8-10 May, 2008) throughout the preparation and implementation period for the conclusion of a successful event.

I would like to point out that everything ran smoothly and I am grateful for the professionalism of your team which was evident in all organizational aspects of the project. Their dedication to the efficient execution of the event was felt both by the Organizing Committee and by the participants.

I hope in the future there will be more opportunities to cooperate in the organization of scientific congresses.

Kind regards

**Efstratios Patsouris**  
Professor of Pathology  
Chairman of 1<sup>st</sup> Department of Pathology  
Medical School, University of Athens  
President of the 9<sup>th</sup> European Congress of Neuropathology  
President of Hellenic Society of Neuropathology
