Ref.: 6th International Symposium on Environmental Hydraulics

Dear Mrs. Tsatsou,

Upon completion of the 6th International Symposium on Environmental Hydraulics, I would like to express our sincere thanks to you personally and to your skillful and proficient colleagues for your support in the organization of the Symposium and for your kind and enthusiastic response to all issues, which raised during both pre congress and on site periods. Especially I would like to point out your crucial contribution in:

- the management of the scientific abstracts
- the management of the conference venue and the relevant equipment
- the handling of the registration and reservation requirements of the participants
- the organizing of the social events
- the financial management
-

Based on the above, we are looking forward to a possible future cooperation,

On behalf of the Organizing Committee,

The Chairman of the Symposium

G. Christodoulou
Prof. of National Technical University of Athens
